 - See if a “consular correspondent” is available at closer proximity
 - Use the ISEP Country Handbook to research visa requirements (<https://www.isepstudyabroad.org/before-you-go-abroad/country-handbooks>)
- Immigration Costs:
 - You will need to provide proof of sufficient funds, in the form of a bank statement, to the institution abroad’s immigration office. Contact the individual university, ISEP, or program for this amount.

- Emails & questions are unanswered
- Changes to application (such as region) that are not approved prior to the deadline
- Applications are past the internal or external deadline
- Travel advisories change

The ISEP course list is a rough draft of what courses you would like to take while abroad. While Abroad

- Note:** Beware of any pre-semester courses, or courses at colleges outside the official institution. Transcripts for these courses will likely not meet ETSU admissions standards.

- An ETSU admission expert will need to analyze the institution’s accreditation standards before accepting a course as credit.
- ISEP, Direct Enrollment and Bilateral partners have already been vetted for accreditation standards, but their pre-semester courses, special courses, or partner schools have not.
- ETSU may need to create a consortium agreement with this school
- The Study Abroad Credit Approval Form assumes that the institution listed already meets accreditation standards

Before Returning to the USA

- Consider applying for APS, FWS, and internship opportunities within ETSU Study Abroad
- RSVP for the Bucs Abroad Re-Entry Party! We will celebrate your time abroad and help you adjust back to life in the USA. We will also discuss future career opportunities.
