International students, international faculty or international staff members are not eligible for coverage in their Home Country.

You may also enroll your lawful spouse and unmarried children under age 26, if full time students who are traveling and residing with you, provided they are dependent upon you for maintenance and support. Only insured students may purchase dependent coverage. Any children born to you and your spouse while you are covered under the Plan will be insured from the moment of birth. Enrollment Information

Depending upon your needs and situation, you may select a period of insurance from a minimum of one month to a maximum of 364 days.

Enrollment in this Plan is through the group with which you are participating in your study abroad experience.

Unless your trip is cancelled and the Company is notified prior to the effective date of your coverage, all premiums received by the Company is non-refundable.

Period of Coverage

Coverage will begin at 12:01 am. Local Time on the latest of the following: a) your departure from the United States; b) the date your enrollment form and premium are received by the Company or its designated administrator; or c) the date you requested on the enrollment form for coverage to begin.

Coverage will end on the earliest of the following: a) the termination date as shown on your ID card; b) the date through which premium has been paid; or c) the date the Policy terminates. Coverage is not available once the Covered Person has returned to the United States or his or her Home Country.
Definitions

“Sickness” means an illness, disease or condition of the Covered Person that causes a loss for which he or she incurs medical expenses while covered under the Policy. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. Pregnancy is included in the definition of sickness.

“Injury” means accidental bodily harm sustained by a Covered Person that results directly and independently from all other causes from a covered accident. The Injury must be caused solely through external, violent and accidental means. All injuries sustained by one person in any one covered accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury.

“Medically Necessary” means a treatment, service or supply that is: 1) required to treat an Injury or Sickness; 2) prescribed or ordered by a doctor or furnished by a Hospital; 3) performed in the least costly setting required by the Covered Person’s condition; and 4) consistent with the medical and surgical practices prevailing in the area for treatment of the condition at the time rendered. A service or supply may not be Medically Necessary if a less intensive or more appropriate diagnostic or treatment alternative could have been used. The Company may consider the cost of the alternative to be the covered expense.

“Home Country” means a country from which the Covered Person holds a passport. If the Covered Person holds passports from more than one country, his or her Home Country will be that country which the Covered Person has declared to Us in writing as his or her Home Country.

Accident & Sickness Medical Expense Benefits

There are four accident and sickness plan options available:

Plan 1: The Company will pay 100% of covered expenses up to $500,000, after the Covered Person has paid the first $50 (deductible) per covered Injury or Sickness.

Plan 2: The Company will pay 100% of covered expenses up to $500,000 per covered Injury or Sickness, with no deductible.

Plan 3: The Company will pay 100% of covered expenses up to $100,000, after the Covered Person has paid the first $50 (deductible) per covered Injury or Sickness.
Plan 4: The Company will pay 100% of covered expenses up to $100,000 per covered Injury or Sickness, with no deductible.

The deductible amount consists of covered expenses which would otherwise be payable under the Policy. This deductible is the Covered Person’s responsibility. The Covered Expenses shall in no event include any amount which is in excess of usual and customary charges for similar treatment, services or supplies in the locality where the expense is incurred. In no event shall the Company’s liability for each Covered Person exceed the maximum benefit limit per covered Injury or Sickness, for the Plan option selected.

The College, University or Participating Organization may choose which Plan to use, then all students (and dependents) of the group will be insured under the same plan.

What Expenses Are Covered

To be considered a Covered Expense under this Plan, it must: a) have been incurred as the result of, and within 90 days of, a Covered Accident or Sickness occurring outside of the United States during the Period of Coverage; b) not be excluded by provisions of this Plan; c) be Medically Necessary; and d) be specifically included in the following list of charges:

1. Expenses made by a hospital for room and board, including general nursing services and any other medically necessary hospital services, but not including personal services of a non-medical nature. However, allowable expenses may not exceed the hospital’s average charge for semiprivate room and board accommodation.

2. Expenses made for diagnosis, treatment and surgery by a doctor.

3. Expenses made for anesthetics and their administration.

4. Expenses for x-ray services, laboratory tests and services, and durable medical equipment, both inpatient and outpatient.

5. Expenses for physiotherapy, if recommended by a doctor for the treatment of an Injury or Sickness, and administered by a Doctor. Chiropractic care is limited to 80% of eligible charges up to $35 per visit and a maximum of 10 visits per Injury or Sickness.
6. Expenses for prescription drugs including dressings, drugs and medicines prescribed by a doctor. The Company will pay 100% of the inpatient expenses incurred, and 50% of outpatient expenses incurred.

7. Expenses for dental treatment resulting from a covered accident, up to $100 per tooth, $500 maximum benefit.

8. Expenses for therapeutic termination of pregnancy, up to a $500 maximum.

9. Expenses for newborn nursery care, up to a $500 maximum.

Emergency Medical Evacuation Benefit
100% of Covered Expenses

The Company will pay Emergency Medical Evacuation Benefits for 100% of Covered Expenses incurred for the medical evacuation of a Covered Person. Benefits are payable if the Covered Person: 1) suffers a Medical Emergency during the course of the Trip; 2) requires Emergency Medical Evacuation; and 3) is traveling on a covered trip outside of his or her Home Country.

Covered Expenses:

1. Medical Transport: expenses for transportation under medical supervision to a different hospital, treatment facility or to the Covered Person’s place of residence for Medically Necessary treatment in the event of the Covered Person’s Medical Emergency and upon the request of the Doctor designated by UnitedHealthcare Global Assistance in consultation with the local attending Doctor.

2. Dispatch of a Doctor or Specialist: the Doctor’s or specialist’s travel expenses and the medical services provided on location, if, based on the information available, a Covered Person’s condition cannot be adequately assessed to evaluate the need for transport or evacuation and a doctor or specialist is dispatched by UnitedHealthcare Global Assistance to the Covered Person’s location to make the assessment.

3. Return of Dependent Child(ren): expenses to return each Dependent child who is under age 18 to his or her principal residence if a) the Covered Person is age 18 or older; and b) the Covered Person is the only person traveling with the minor Dependent child(ren); and c) the Covered Person suffers a Medical Emergency and must be confined in a Hospital.
4. Escort Services: expenses for an Immediate Family Member or companion who is traveling with the Covered Person to join the Covered Person during the Covered Person’s emergency medical evacuation to a different hospital, treatment facility or the Covered Person’s place of residence.

5. Transportation after Stabilization: If UnitedHealthcare Global Assistance evacuated the Covered Person to a medical facility due to an Emergency Medical Evacuation, The Company will pay the Covered Person’s transportation costs to his or her a) Home Country or b) host country.

Benefits for these Covered Expenses will not be payable unless: 1) the Doctor ordering the Emergency Medical Evacuation certifies the severity of the Covered Person’s Medical Emergency requires an Emergency Medical Evacuation; 2) all transportation arrangements made for the Emergency Medical Evacuation are by the most direct and economical conveyance and route possible; 3) the charges incurred are Medically Necessary and do not exceed the Covered Expenses for similar transportation, treatment, services or supplies in the locality where the expense is incurred; and 4) do not include charges that would not have been made if there were no insurance. During the course of an Emergency Medical Evacuation of a Covered Person to their Home Country, all benefits under this plan are terminated except Accidental Death and Dismemberment Benefits.

“Immediate Family Member” means a Covered Person’s spouse; parents (includes stepparent); child age 18 or older (includes legally adopted and step child); brother and sister (includes stepbrother or stepsister); parent-in-law; son- or daughter-in-law; or brother- or sister-in-law. “Medical Emergency” means a condition caused by an Injury or Sickness that manifests itself by symptoms of sufficient severity that a prudent lay person possessing an average knowledge of health and medicine would reasonably expect that failure to receive immediate medical attention would place the health of the person in serious jeopardy. “Trip” means travel by air, land, or sea from the Covered Person’s Home Country. It includes the period of time from the start of the trip until its end provided the Covered Person is engaged in a Covered Activity or Personal Deviation if covered under the Policy.

Benefits will not be payable unless the Company or UnitedHealthcare Global Assistance authorizes in writing, or by an authorized electronic or telephonic means, all expenses in advance, and services are rendered by UnitedHealthcare Global Assistance.
Emergency Reunion Benefit
$12,500 Maximum Benefit

In the event the Insured has either been: 1) confined in a Hospital for at least 24 consecutive hours due to a covered Injury or Sickness, where the attending doctor believes it would be beneficial for the Insured to have a Family Member at his or her side; or 2) the victim of a Felonious Assault, the Company will pay the expenses incurred for travel and lodging for that Family Member, up to the Benefit Maximum of $12,500. Covered Expenses include an economy airline ticket and other travel related expenses not to exceed the Daily Benefit Maximum of $300 and a maximum of ten days.

In the event that a Covered Person dies as a result of a Covered Injury or Sickness, the Company will pay the expenses incurred for emergency travel arrangements up to a maximum of $2,500 for a Family Member to accompany the mortal remains of the deceased Covered Person.

All transportation and lodging arrangements must be made by the most direct and economical route and conveyance possible and may not exceed the usual level of charges for similar transportation or lodging in the locality where the expense is incurred.

“Felonious Assault” means a violent or criminal act reported to the local authorities which were directed at the Covered Person during the course of, or an attempt of, a physical assault resulting in serious Injury, kidnapping, or rape. “Family Member” means a person who is related to the Covered Person in any of the following ways: spouse, parent (includes stepparent); child (includes legally adopted and stepchild); brother or sister (includes stepbrother or stepsister); parent-in-law; son- or daughter-in-law; and brother- or sister-in-law.

All arrangements must be made by UnitedHealthcare Global Assistance and approved by the Company or UnitedHealthcare Global Assistance in order for expenses to be considered eligible.

Repatriation of Remains Benefit
100% of Covered Expenses

The Company will pay Repatriation of Remains Benefits of 100% of Covered Expenses for preparation and return of a Covered Person’s body to his or her home if he or she dies as a result of a Medical Emergency while traveling on a Covered Trip. Covered expenses include: 1) expenses for embalming or cremation; 2) the least
costly coffin or receptacle adequate for transporting the remains; 3) transporting the remains; and 4) Escort Services: expenses for an Immediate Family Member or companion who is traveling with the Covered Person to join the Covered Person’s body during the repatriation to the Covered Person’s place of residence.

All transportation arrangements must be made by the most direct and economical route and conveyance possible and may not exceed the Covered Expenses for similar transportation in the locality where the expense is incurred.

Benefits will not be payable unless the Company or its UnitedHealthcare Global Assistance authorizes in writing, or by an authorized electronic or telephonic means, all expenses in advance, and services are rendered by UnitedHealthcare Global Assistance.

Emergency Medical Benefits

We will pay up to $10,000 for Covered Expenses incurred for emergency medical services to treat you if you: 1) suffer a Medical Emergency during the course of a Trip; and 2) are traveling on a covered Trip. Covered Expenses include expenses for guarantee of payment to a medical provider, Hospital or treatment facility. Benefits for these Covered Expenses will not be payable unless the charges incurred: 1) are Medically Necessary and do not exceed the charges for similar treatment, services or supplies in the locality where the expense is incurred; and 2) do not include charges that would not have been made if there were no insurance. Benefits will not be payable unless We authorize in writing, or by an authorized electronic or telephonic means, all expenses in advance, and services are rendered by UnitedHealthcare Global Assistance.

Coordination of Benefits

If a Covered Person is covered by more than one insurance program, benefits will be subject to a Coordination of Benefits Provision. A plan, which does not have such a provision, would pay benefits first. In all other instances, the plan that will pay benefits first is:

a) the plan which covers the Covered Person as an employee rather than as a full or part-time student;

b) if a) does not apply, the plan which covers the Covered Person as a full or part-time student rather than as a dependent;

c) if a) and b) do not apply, the plan which covers the person as a dependent, subject to specific rules contained in the policy;
d) if a), b) and c) do not apply, the plan which has covered the Covered Person for the longer time. If the benefits of this plan are reduced to these rules, such reduction will be done in proportion. Any benefits paid by this Plan on a reduced basis will be charged against the benefit maximums of this Plan.
